President's Piece

Carole DeGrenier

I hope this note finds everyone well. I have really enjoyed sewing every Monday at the Civic Center and I hope more of you will take advantage of this wonderful opportunity. I have checked with Nancy and we can have the room until the Recreation Center is finished. We can have Monday's down there too.

Don't forget to get a least one Linus Quilt done for our January meeting. We will have our speaker first and then the business meeting. We will have the quilts on display at the beginning of the meeting.

Let's rally for 2010 and make it the best year ever. There is an Executive Meeting at Nana's on Saturday the 2nd at 10am. Anyone is

welcome and if you are involved with a committee you are encouraged to attend.

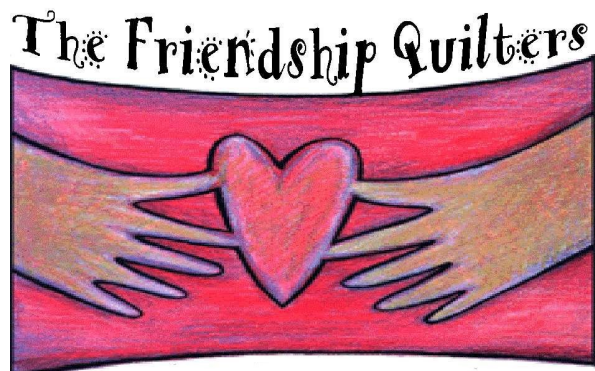

Love you all

Carole

Programs —Irene Dyson

In January, Bitsy Rogers, coordinator for Project Linus in Birmingham, Alabama Chapter, will be sharing with us about how we can help with quilts for Project Linus. She will be speaking and answering questions prior to our business meeting. If you have any baby or teen quilts ready to donate, we'll also present them to her that day.

Did you see the black jacket Judy Goodwin wore at the Christmas party? Judy has graciously agreed to teach us the technique at the February meeting. All you will need is a sweatshirt, 1 yard of coordinating fabric, and a pattern design panel Judy will have available for sale for \$6.00. She orders these panels by the roll, and this is her cost. Learn the technique in February, then by next fall, you'll be able to make some for Christmas gifts!

Is there a program you would be interested in having? Or something you would be interested in teaching to our group? If so, contact Jackie W., Irene, or Paige. We're looking forward to great quilting fun in 2010!
